

Cinnamon Apple Decorations

Items needed:

- Dried Pink Lady® Apple slices
- Cinnamon sticks, thin sticks are better than fatter ones
- Natural jute or cotton string
- Wooden skewer

How to assemble:

1. Carefully make a small hole in the top of the apple slices with the wooden skewer, and thread some jute or cotton string through the hole, tying a knot on the top.
2. Then tie the apple slice together with the cinnamon stick, so the cinnamon stick becomes a bar in which the apple slice hangs.
3. Tie a double knot to finish, and hang the Cinnamon Apple decorations on the indoor Christmas Tree, as well as any outside trees you wish to decorate.
